

Tool & Product Update

NEW ROTATABLE ADAPTER 129503

The new 129503 Rotatable Adapter offers a full 360° rotation to facilitate maximum access in tight applications.

This Adapter is compatible with the combination of the Offset Nose Assemblies and Tools listed in the table below. It is designed with a built-in Stroke Limiter and replaces the 122134 Adapter which has no ability to rotate.
