

1/4" (-08) NOSE ASSEMBLIES NOW FEATURE INTEGRATED LIMIT ROD

99-7922 FAMILY SUPERSEDED BY 99-7932 FAMILY

129111 PULLER SUPERSEDED BY 130360 PULLER ASSEMBLY

The Puller section of the 1/4" (-08) BOBTAIL Nose Assembly 99-7922 has been redesigned to integrate a Limit Rod feature which will prohibit over insertion of the Nose Assembly onto the Fastener.

The new Puller is now a Puller Assembly. **Initially, if a new individual Puller is required (formerly part number 129111), the new component must be purchased as Puller Assembly part number 130360, which includes the newly designed Puller, a Puller Cap, and a Limit Rod Assembly.** The new Puller Assembly is interchangeable with the old single Puller. After the initial purchase of the Puller Assembly, the subcomponents of that assembly can be purchased separately.

Please reference the chart below for affected Nose Assemblies.

OLD NOSE ASSEMBLY	NEW NOSE ASSEMBLY
99-7922	99-7932
99-7922CH	99-7932CH
99-7922-1CH	99-7932-1CH
99-7922-4	99-7932-4
99-7922-4CH	99-7932-4CH
